PHASE 3 · POST-VISIT

9

NINE PILLARS OF
PATIENT EXPERIENCE

Long-Term Relationship

"Retention. Trust. Referrals."

SWIPE

Retention. Trust. Referrals.

This is the result of everything that came before it.

LONG-TERM RELATIONSHIP

POST-VISIT

“

When all eight touchpoints are executed with consistency and care, patients don't just come back — they become advocates who bring the next patient with them.

Long-Term Relationship

1. Stay in touch between visits with relevant value, not sales pitches.

2. Recognize and thank your loyal patients and your referrers.

3. Measure retention and referrals as core experience metrics — not afterthoughts.
