First impressions happen before the visit.

Website. Reviews. Referrals. Patients decide how they feel about you before they ever arrive.

INITIAL EXPOSURE

PRE-VISIT

“

By the time someone books, they have already formed an opinion from your online presence. A dated website or an unanswered review quietly costs you patients you never knew you lost.

Initial Exposure

1. Audit your digital front door — website, Google profile, and reviews — exactly as a first-time patient would experience it.

2. Respond to every review, positive or negative, within 48 hours.

3. Make your top services and how to book visible in a single click.
