HMCG

CULTURE OF CARE

THE 2ND OF FOUR VALUES

Compassion

Care the patient can actually feel.

SWIPE

Compassion turns treatment into care.

We meet patients where they are — acknowledging the fear, pain, and uncertainty behind every visit, not just the symptoms in front of us.

What Compassion looks like

1. Lead with acknowledgment before information.

2. See the person behind the chart — their name, their worry, their context.

3. Slow down for the moments that matter, even on a full schedule.

HMCG

CULTURE OF CARE

THE FOUNDATION OF EVERYTHING WE DO

- *Accountability*
- ***Compassion***
- *Empathy*
- *Collaboration*

Build a culture of care in your practice.

We help healthcare teams turn these values into everyday patient experience — across every one of the Nine Pillars.
