PHASE 1 · PRE-VISIT · PILLAR 2 OF 9

SWIPE

Access is experience.

If patients can't reach you, they won't choose you.

INQUIRY & SCHEDULING

PRE-VISIT

“

Long hold times, phone tag, and clunky booking are among the most common reasons patients give up before they ever walk through the door.

Inquiry & Scheduling

1. Offer online self-scheduling for your most common visit types.

2. Track call wait and call-back times — then shorten them.

3. Confirm every booking instantly, on the channel the patient used to reach you.
